About us:

We Chakravarthi group of company started in 1963. We entered textile field in 1990 with the Garment manufacturing division. We have gained all our customers confidence through our hard work & service and we have introduced various features that are unique to our field.

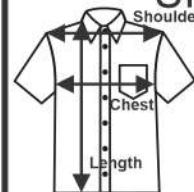

Product and Customers:

We are the market leader in our field. We currently have over 1000 customers as of today. We manufacture products from a variety of manmade fibers and cotton materials. Our primary product based on school house uniforms such as t-shirts & Track pants. Our customers mainly are schools, corporates & advertisement companies. 80% of our customers are schools which are spread throughout India.

We offer the best possible quality, service & price through our marketing and production setup. we are now launching our ready to wear range of school uniforms for all classes for our brand with the same quality and service from the trusted brand of Chakravarthi.
